

Appendix 2a
Certified Management Consultant (CMC)
Range Statements for the Competence
Framework (CMC002a)

Table 1 of these CMC Range Statements for the Competence Framework define the levels of abilities, commitments, knowledge, and skills that a management consultant might demonstrate at progressive stages of experience and maturity in the profession (Development, Independence, Profession leader). A consultant should reach the Independence Level before CMC can be awarded. Table 2 (page 16) gives examples of evidence to show required competence for CMC Award.

Table 1

Competence Framework Reference		Range Statements			
Business Competence		Sub-comp.			
A	Client Business Insight <i>Understands the internal and external factors impacting on the project</i>	Ref #	Development	Independence	Profession Leader
A1	Client understanding	A1.1	Understands core business structures, processes, management and disciplines	Researches and understands the client business, the sector in which it operates, and its stakeholders	Has credible depth of knowledge across a range of disciplines and business environments
A2	Client business knowledge	A2.1	Researches similar businesses and best practice	Analyses business culture, structure, processes, management and performance criteria based on the scope of work.	Leads by example, applying management and business skills in own business
A3	External awareness	A3.1	Uses a process to identify impact on client from political, economic, social, technological, legal and environmental factors	Formulates analysis for client including current political, economic, social, technological, legal and environmental factors	Expertise is sought by external parties to advise on issues impacting own sector
B	Consulting business insight <i>Understands the management consultancy environment and its commercial aspects</i>	Ref #	Development	Independence	Profession Leader
B1	Consultancy business	B1.1	Studies the structure of	Understands the nature of the	Their expertise is sought by external

D1.3	Partnering and networking	D1.3.1	Understands and engages expertise of others alongside own	In Case Study and at interview: Can show that they know the limits of their expertise and can describe how they have recognised situations where additional expertise was required and how they identified and engaged it.
		D1.3.2	Leverages network effectively to research and define client issues, generate innovative solutions for clients and/or inform delivery solution	Database of network contacts; Documents showing engagement of others in an assignment. In Case Study and at interview: Can describe their network and demonstrate where and how resource from that network has been used in an assignment.
D2	Assignment Management <i>Manages client assignments effectively</i> <i>Delivers timely solutions while balancing priorities and managing time effectively.</i>		Sub-Competence Statement	
D2.1	Managing successful outcomes	D2.1.1	Manages client assignments successfully, ensuring that objectives, deadlines and budgets are agreed and delivered on time.	Terms of Reference; Project Plans; Project Progress Reports; Notes of Project Meetings with Clients; Client Satisfaction Sign-offs. In Case Study and at interview: Can describe how they managed an assignment with a successful outcome where objectives were met on time and in budget.
D2.2	Planning	D2.2.1	Demonstrates competent use of planning tools and techniques, and sets milestones appropriate for the size and scale of the assignment.	Gantt Charts, output from Project Management Software, use of PRINCE2 or equivalent, as appropriate to the complexity of the assignment. In Case Study and at interview: Can describe what planning tools were used and give reasons why they were chosen in place of others

Framework (CMC002a)

Competence Framework Ref.		Independence Level Range Statements		Typical Evidence
Technical Competence				
D2.3	Managing the assignment	D2.3.1	Shows flexibility and adaptability to changing demands and deadlines. Demonstrates ability to manage ambiguity	Project Progress Reports; Notes of Project Meetings with Clients; Change Notes generated in an assignment In Case Study and at interview: Can describe how they have successfully managed change in an assignment. Can describe how they clarified requirements with the Client.
		D2.3.2	Keeps 'big picture' in focus but addresses detail and balances priorities.	Project Progress Reports; Notes of Project Meetings with Clients. In Case Study and at interview: Can describe how they managed an assignment with a successful outcome where objectives were met on time and in budget.
		D2.3.3	Manages own time effectively to meet deadlines.	Time Management Plan; Assignment Diary. In Case Study and at interview: Can describe how they have managed their diary in an assignment and have met deadlines.
		D2.3.4	Where appropriate, demonstrates the ability to identify, develop, describe and allocate work streams for others to meet objectives, deadlines and budgets.	Output from Project Management Software, PRINCE2 records or equivalent; Work Orders for other consultants. In Case Study and at interview: Can demonstrate how the work streams in the assignment were identified, what those work streams were, and how they were allocated to others
D2.4	Working on all phases of project	D2.4.1	Operates competently in all areas of project delivery from offering through to closure	Complete assignment documentation from scoping, through proposal, negotiation, ToR, and project management to successful Client sign-off. In Case Study and at interview: Can describe how they have undertaken all stages of delivery in one or more assignments.
D2.5	Managing handover to client	D2.5.1	Anticipates handover issues and addresses during engagement. Agrees handover process with client (skills transfer, implementation,	Progress Reports; Notes of Meetings with Client; Final Report; Client sign-off. In Case Study and at interview: Can describe the handover process followed in an assignment.

			sustainability, knowledge, documentation). If withdrawing due to inability to continue, offers client recommendations on other resources, to complete the project.	
D3	Consulting Knowledge <i>Captures, shares and applies knowledge in a structured way relevant to the engagement needs</i>	Ref #	Sub-Competence Statement	
D3.1	Using a logical process approach to capturing and building knowledge	D3.1.1	Gathers, records and analyses data and information through ordered and logical processes and translates data into useable output	Assignment Notes; Diary; Progress Reports; Proposed solutions; Notes of Meetings with Clients; In Case Study and at interview: Can describe the methods used to gather data and tools used to analyse it. Demonstrates how data has been used to form proposed solutions.
D3.2	Sharing knowledge and experiences with others	D3.2.1	Shares acquired knowledge and experience with others in appropriate ways in order to build value for the client	Assignment Notes; emails; Meeting Notes. In Case Study and at interview: Can describe the methods used to disseminate information to Client, Stakeholders and Consultant Team. Can demonstrate how the shared information has added value in the assignment.
D3.3	Applying knowledge, tools and technical expertise to create value for the client	D3.3.1	Demonstrates how value was created for the client through use of knowledge, tools and expertise and show how this met the client's needs	Final Report; Client sign-off and feedback; Quantified and verified outcomes. In Case Study and at interview: Can describe the approach, methods and tools used in the assignment

				and how these directly caused the achieved outcomes.
D4	Consulting Process Techniques <i>Uses a range of techniques, including facilitation, coaching and mentoring to deliver solutions of mutual benefit</i>	Ref #	Sub-Competence Statement	
D4.1	Presentation	D4.1.1	Uses presentation tools and techniques effectively	Examples of presentation material. In Case Study and at interview: Presentation given during interview.
D4.2	Written reports	D4.2.1	Produces clear client correspondence and reports selecting most appropriate style to achieve desired outcome	Examples of assignment reports; and other written communication e.g. emails. In Case Study and at interview: (The quality of the candidate's submission document and Case Study write-up will give Assessors an indication of this competence)
D4.3	Facilitation	D4.3.1	Manages group processes to achieve desired outcomes, using facilitation tools and techniques to maximise the group's decision-making potential	Meeting Plans and Meeting Notes. In Case Study and at interview: Can describe tools and techniques that have been used, how successful they were, and verifiable outcomes to which they contributed.
D4.4	Coaching	D4.4.1	Where appropriate, demonstrates use of a process to enable client learning and development to occur and performance to improve. Demonstrates knowledge and understanding of the variety of styles, skills and techniques that are appropriate to the context in which the coaching takes place.	Coaching Plans and Meeting Notes. In Case Study and at interview: Can describe tools and techniques that have been used, how successful they were, and quantifiable outcomes which they caused.
